Chocolate Cake

3 tablespoons cocoa
1 teaspoon baking soda
1/2 teaspoon salt
1 tablespoon vanilla
1 cup cold water

3 tablespoons cocoa
1 cup sugar
1 tablespoon white vinegar
4 tablespoons melted butter

Mix dry ingredients together. Make three wells in the mixture. In the first well, pour vinegar, in the second vanilla, and in the third, the liquid fat. Pour cold water over the whole thing and mix together well. Pour batter into a 9x9 pan, ungreased, and bake at 350 degrees for 35 to 40 minutes.

Ginger Cake

Like chocolate cake,

but with ginger.
