BERLIN
INTERNATIONAL
SOFTWARE DEVELOPMENT
CONFERENCE

gotocon.com

“XP is a lightweight methodology for small to medium sized teams developing software in the face of vague or rapidly changing requirements.”

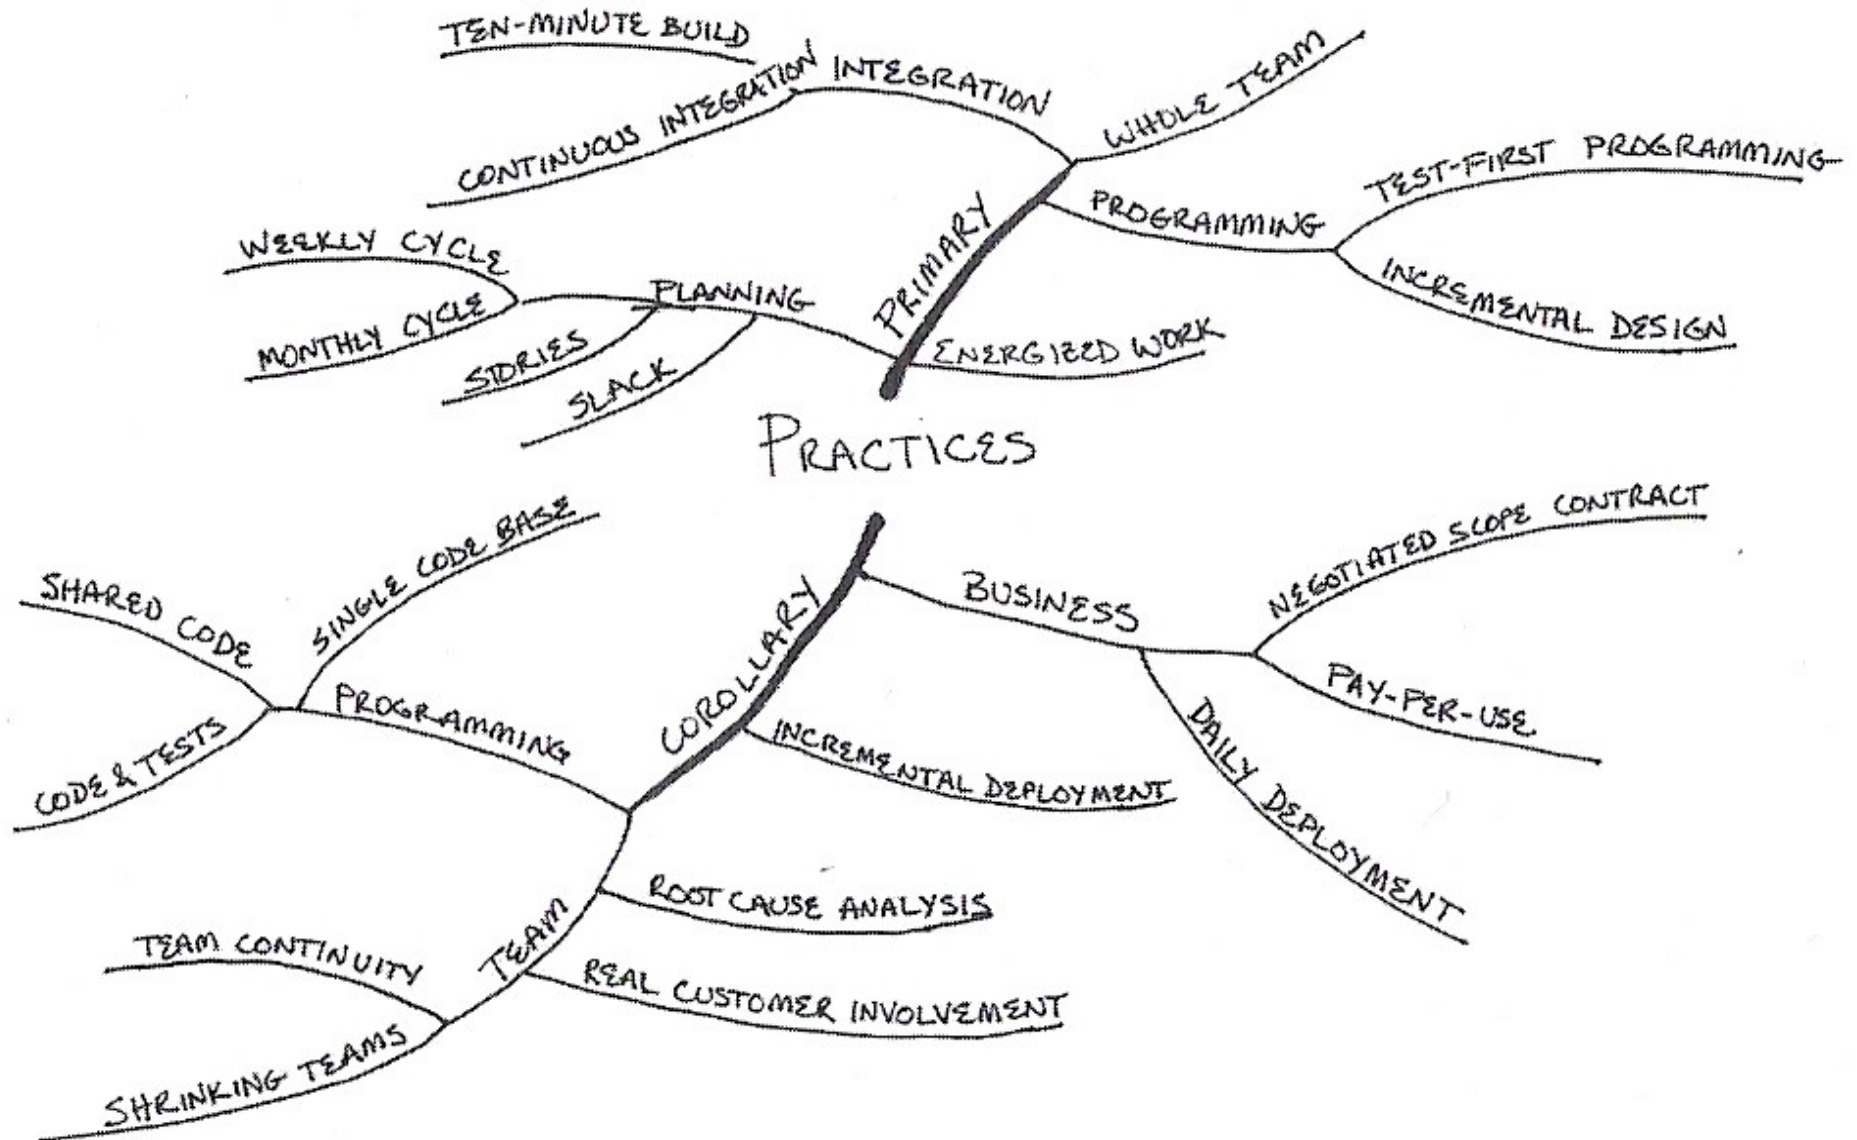

Founded in 2006, Unruly is the leading global platform for social video marketing.

If you're ever in a sticky situation, just ask yourself this:

What Would Rachel Do?

OUTREACH: LONE RANGER

PERSONAS FOR STORIES

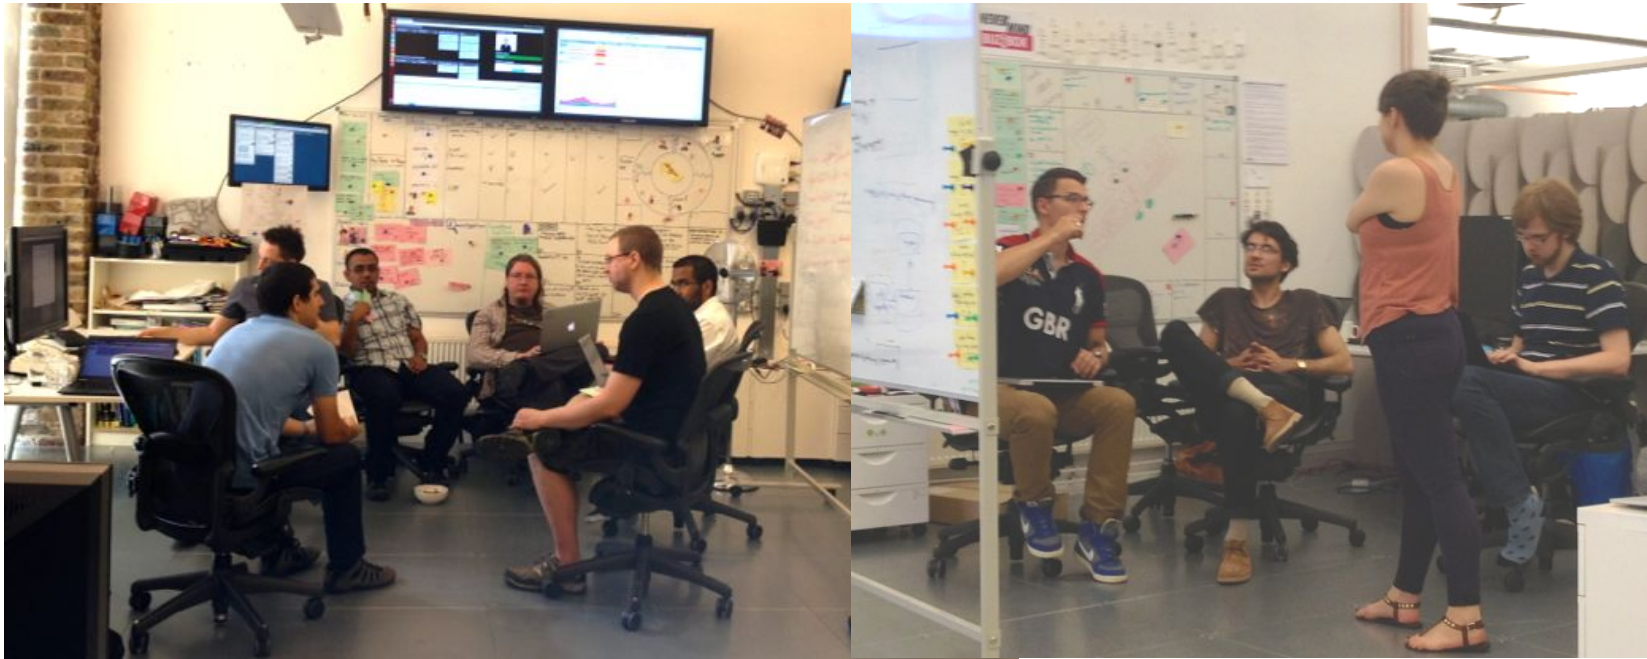

Share Creative #2910.

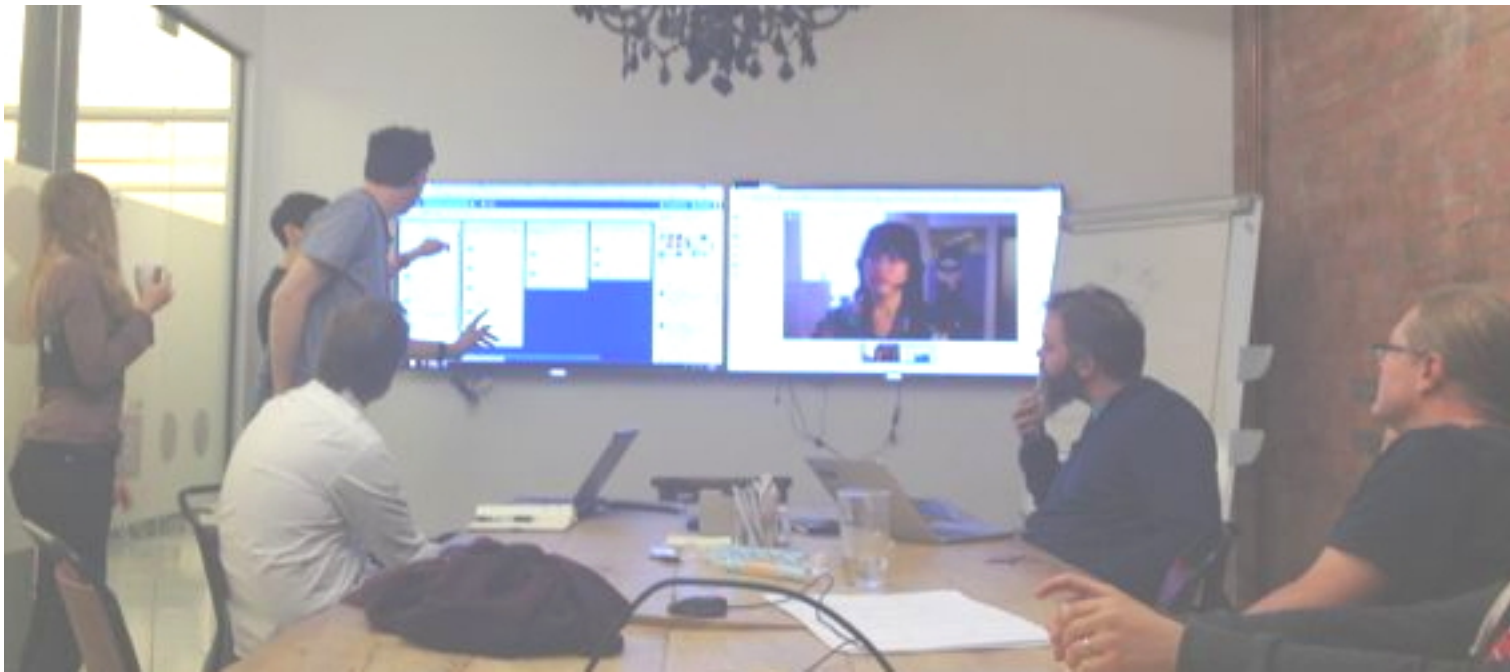

As a brand manager I
would like to share my creative
with another Analytics user.
So they don't have to configure
the same thing.

BORAT SQUAD

Topics to work on

* Configuration Management (10)
limit osi + quick provisioning/recovery..

* Monitoring (6)
replacing Nagios, logging, emails...

* Security (9)
root, auditable entries, separation...

* Applications (8)
deployment, supervision...

~~***~~

3 dots put
them on topics
you think most important!
