

#### DESIGN NEVER STOPS: UX THROUGHOUT DEVELOPMENT

Adrian Howard (@adrianh) *Quietstars* 

SOFTWARE DEVELOPMENT

CONFERENCE

qotocon.com

#### Ask questions

#### Who's the fat bloke at the front?

### Who's the fat guy talking to?

#### UX & Agile

### The Worst Possible Design Processes

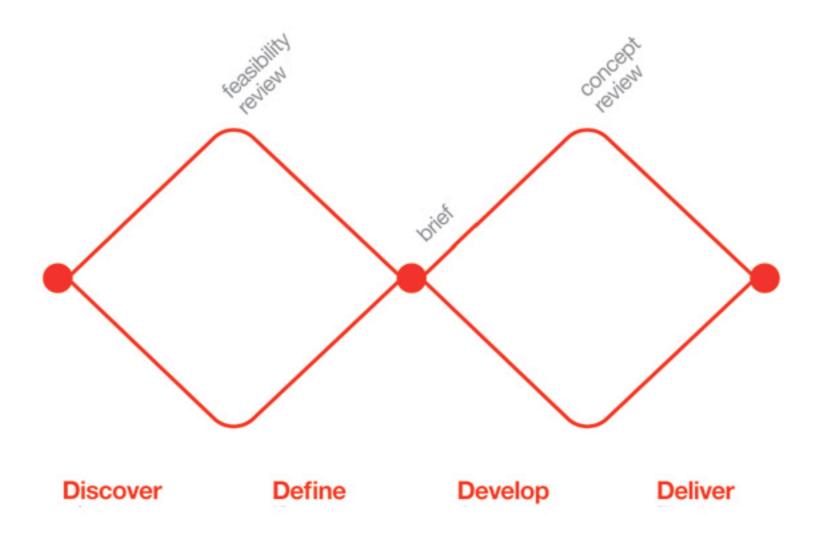

#### I.Build Something

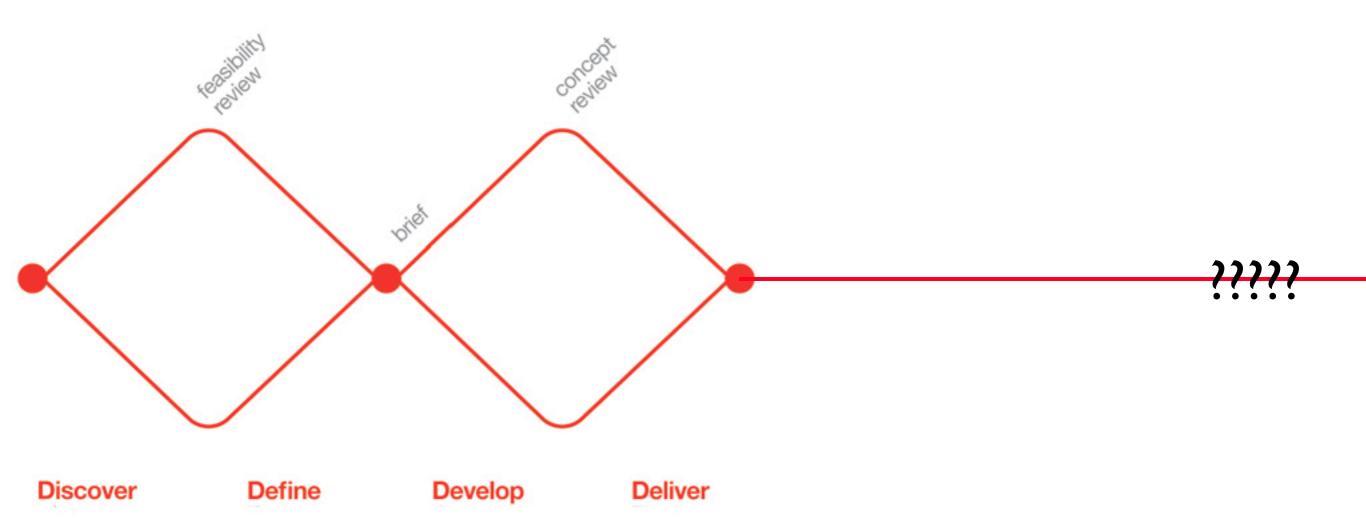

# I.Build Something2.Apply lipstick

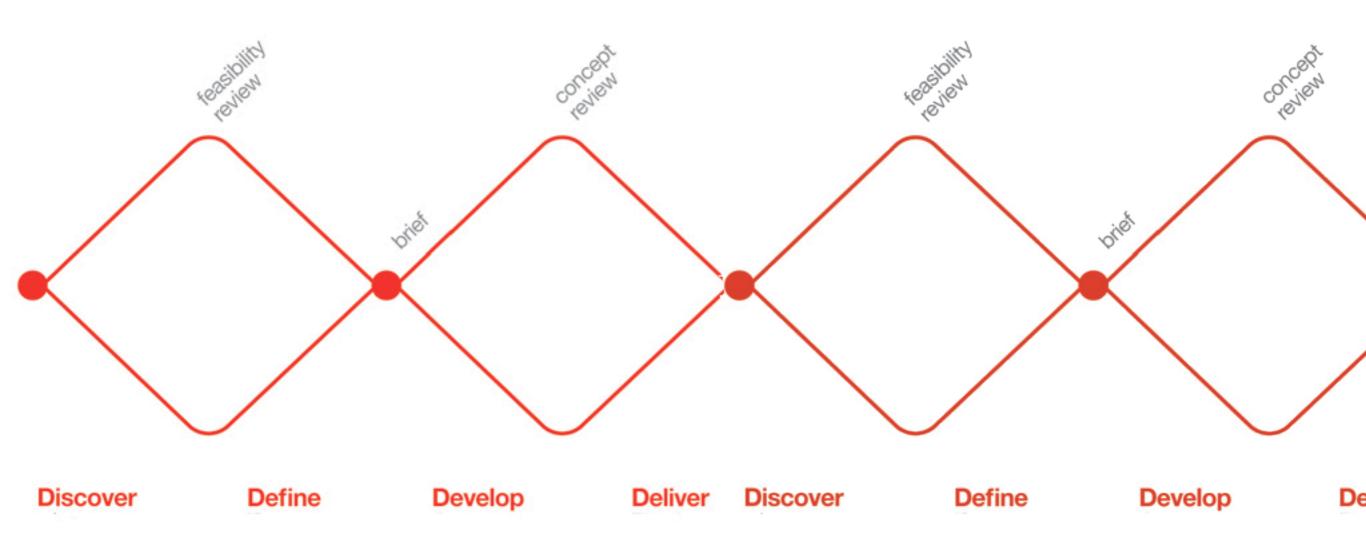

# I.Build Something2.Usability testing

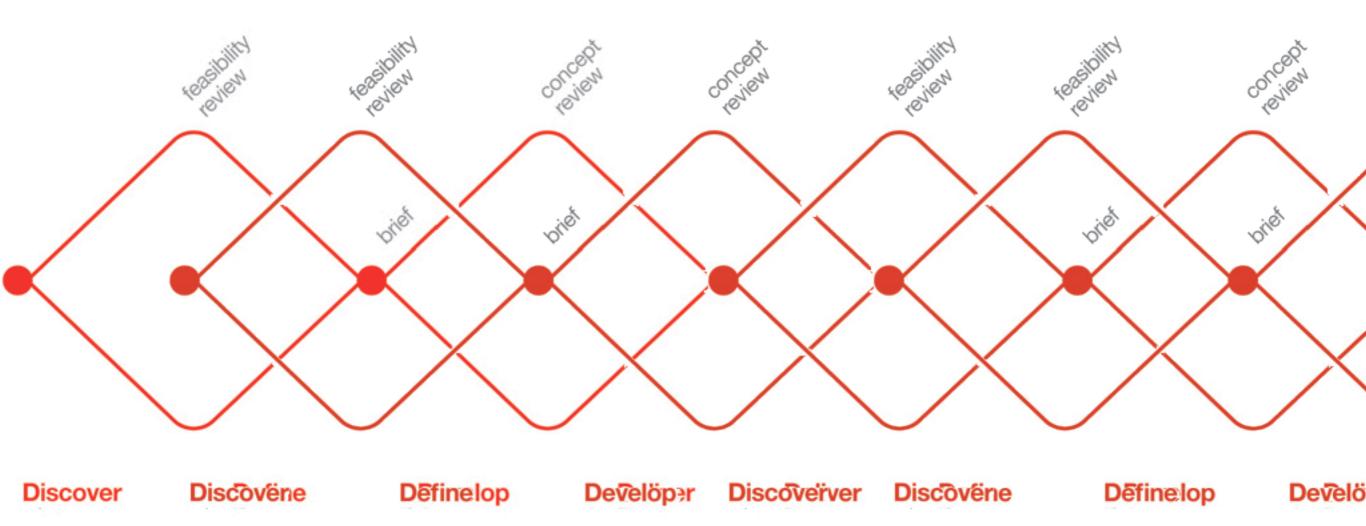

## I.Design/Research2.Build Something

# 1.Design/Research2.Build Something3.Usability testing

#### 6 principles

### 1. Missionaries not dictators

### 2. Beautiful all the way down

### 3. Design does not stop

### 4. Pretty pictures must die!

### 5. Get out of the bunker

### 6. Steal other peoples' tools

#### Recap

- 1. Missionaries not dictators
- 2. Beautiful all the way down
- 3. Design does not stop
- 4. Pretty pictures must die
- 5. Get out of the bunker
- 6. Steal other people's tools

#### Recap

- 1. Missionaries not dictators
- 2. Beautiful all the way down
- 3. Design does not stop
- 4. Pretty pictures must die
- 5. Get out of the bunker
- 6. Steal other people's tools

#### Are there questions?

#### The End?
