Who am I?

- Tiberiu ‘Tibi’ Covaci
- Software engineer > 20 years experience
- Technology advisor since 2004
- Director of Technologies
- MVP in Azure/ASP
- Geek
- @tibor19 / #gotoldn

The Agile Manifesto

goto; conference

We are uncovering better ways of developing
software by doing it and helping others do it.
Through this work we have come to value:

Individuals and interactions over *processes and tools*
Working software over *comprehensive documentation*
Customer collaboration over *contract negotiation*
Responding to change over *following a plan**

*That is, while there is value in the items on the right, we value the items on the left more.

What was promissed

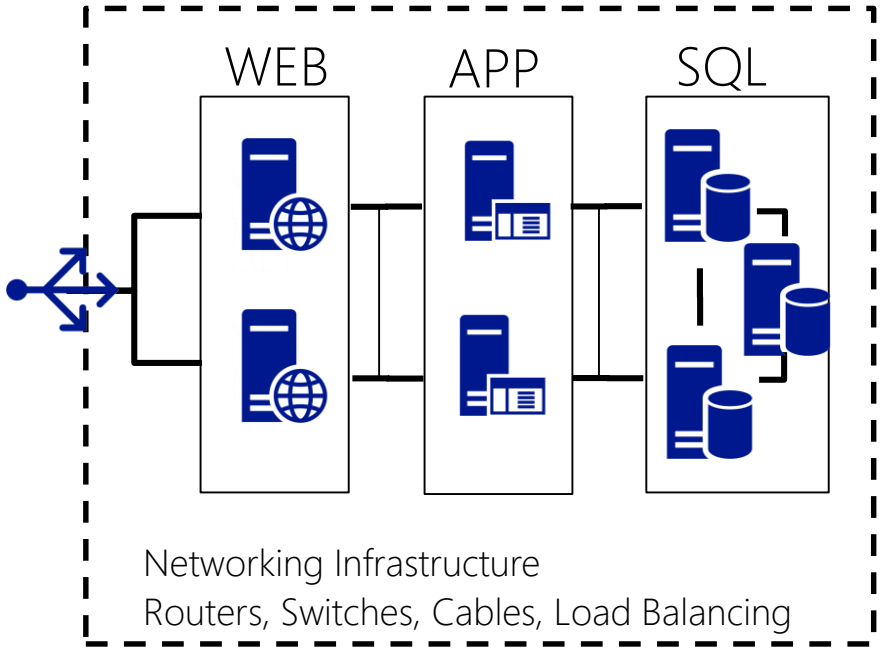
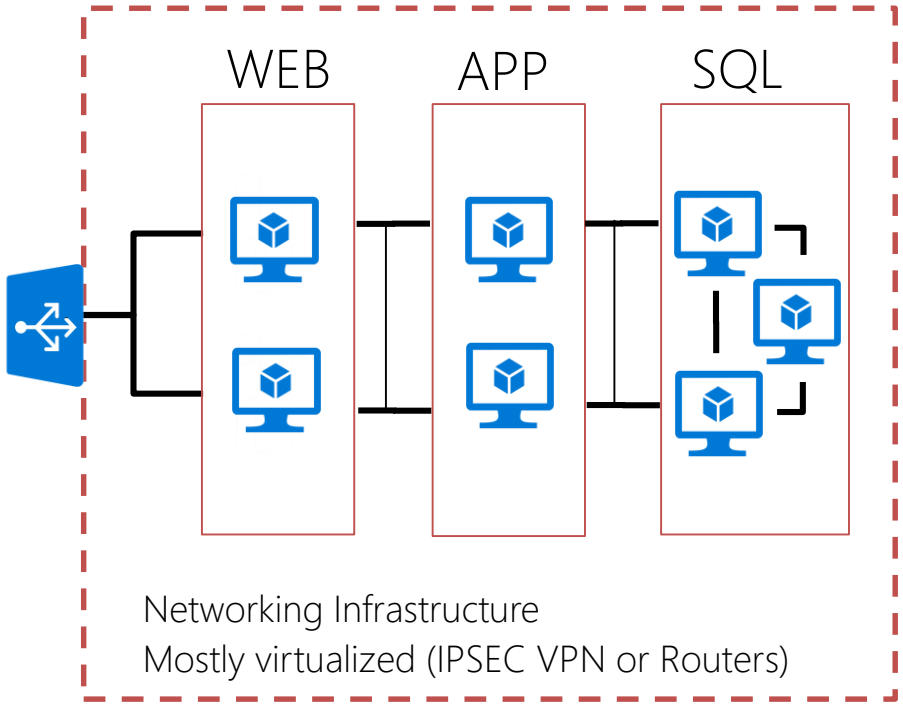
Is the cloud Agile?

- Order hardware
- Setup Network
- Setup Server
- Install OS
- Patch OS
- Install Apps
- Configure Apps



Deploying in the cloud

- Configure Storage
- Configure Vnet
- Deploy VM
- Configure LBs
- Install Apps
- Configure Apps
- !Automation



Deploying in the cloud

- Identify Repeatable Processes
- Build Automation
- Execute
- Multiple environments?
- Parametrize & Execute
